BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a moist cloth through hair and double its beauty at once.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Dandruff. And try this—moisten a cloth with little Dandruff and carefully draw it through your hair, leaving an small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A beautiful surprise awaits those whose hair has been neglected or is graying, faded, dry, brittle or thin. Besides beautifying the hair, Dandruff dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—growing out, and new hair growing all over the scalp.

Dandruff is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-giving properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Dandruff from any drug store or toilet counter and try it as directed.—Adv.
